TECHNICAL EDUCATION & SKILLS DEVELOPMENT FRAMEWORK

Module 1: Participating in Workplace Communication

Unit Code: 500311105 **Nominal Duration:** 1.0 Hour **Level:** Basic Competency

1. UNIT DESCRIPTOR & LEARNING OUTCOMES

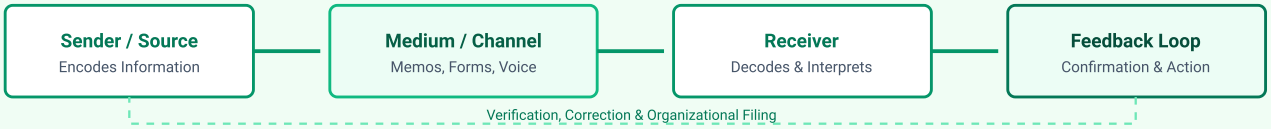

This unit covers the fundamental knowledge, practical skills, and behavioral attitudes required to gather, interpret, and convey information effectively within an organizational setting. Trainees must demonstrate professional clarity, active listening, and compliance with institutional communication protocols.

Outcome 1 (LO1)
Obtain and convey workplace information through verified sources, active listening, and clear verbal/written media.

Outcome 2 (LO2)
Participate in team meetings, observing established protocols, scheduling norms, and cultural sensitivity.

Outcome 3 (LO3)
Complete relevant work-related documents, logs, and forms with zero computational or recording discrepancies.

2. WORKPLACE COMMUNICATION FLOWCHART

3. PERFORMANCE CRITERIA MATRIX (LO1)

Assessment Element	Performance Standards & Indicators	Evidence Method
Information Sourcing	Relevant operational information is accessed from authorized manuals, technical sheets, and enterprise directives without omissions.	Direct observation & Oral questioning
Questioning & Listening	Active listening and constructive inquiry are utilized to gather data, clarify work requirements, and eliminate procedural ambiguities.	Practical role play assessment
Non-Verbal & Line Protocol	Interactions follow defined workplace hierarchy; body language, eye contact, and tone conform to professional industry etiquette.	Workplace observation & Interview

4. TECHNICAL EXECUTION: MEETINGS & DOCUMENTATION (LO2 & LO3)

Effective participation in meetings and meticulous administrative recording protect organizational efficiency. Trainees must conform to structured parliamentary conduct during consultations and apply rigorous mathematical verification to all submitted workplace documentation.

Competency Area	Procedural Requirements	Expected Deliverable
Meeting Punctuality	Assemble at scheduled briefings on time with required agenda notes and reference materials ready.	Verified attendance log
Discussion Protocols	State opinions objectively; listen to peers without interruption; adhere strictly to agenda objectives.	Minutes of meeting record
Forms Completion	Fill out workplace requisition, incident, and equipment slips legibly and completely.	Standard incident/shift report
Routine Calculations	Apply arithmetic operations (sums, percentages, discrepancies) to verify figures on job slips.	Mathematical audit trail

5. PRACTICAL LABORATORY ACTIVITY: INCIDENT & EQUIPMENT LOG

> **Task Directive:** You are the designated terminal lead in the computer laboratory. During morning startup, Workstation #07 exhibits an unreadable display and system failure. Complete the official reporting procedure below.

LABORATORY INCIDENT FORM (SAMPLE LAYOUT)

Date / Time: _____ **Workstation Unit:** Lab-WS #07

Fault Description: Monitor display blackout; CPU status indicator flashing orange; power cable verified intact.

Reported By: _____ **Supervisor Endorsement:** _____

Corrective Directive: Disconnect peripheral power, route to maintenance queue, and assign backup station.

6. TRAINEE ASSESSMENT & GRADING RUBRIC

Assessment Domain	Competent Standard (Pass)	Not Yet Competent
Verbal & Written Clarity	Grammatically coherent, concise messages; follows formal organizational lines.	Ambiguous language; breaks reporting chain.
Meeting Participation	Punctual, contributes pertinent suggestions, maintains professional decorum.	Tardy, interrupts others, off-topic remarks.
Document Accuracy	100% accurate entries; legible penmanship; errors neatly countersigned.	Incomplete sections, calculation errors.
